order to gauge whether or not it would be worth my time, and all praised Collins Citizenship Today for Edexcel GCSE Citizenship Student's Book:

Description : Citizenship Today continues to offer all the knowledge students require to do well and will now focus on the new exam, combining advice and practice questions to ensure success. The fourth edition of this best-selling title builds on the strengths of the first three. It continues to combine clear coverage of the Edexcel specification with an engaging, student-focused approach, including exam questions at the end of every section for student practice. Citizenship Today is accompanied by a Teachers File that provides detailed guidance and resources to support non-specialist teachers.

"The Collins `Citizenship Today - Edexcel GCSE Student's Book 4th Edition' is a thorough, well developed resource that should enable students to effectively address the required objectives of the Edexcel GCSE Citizenship Studies qualification. A real strength is the way in which active citizenship is included to ensure candidates develop, deepen and apply their citizenship knowledge and skills in relation to real world issues and contexts."
